In most cases, The John-F Klaver Trio won't bring their own technician, so :
The gig has to be supported by at least 1 technician who is fully up to date with the available gear.
If venue is bound to a separate monitor mix, the venue also have to deliver a monitor technician.
A nice&smooth lightingplan would be very appropriate.
In all cases: contact John-F Klaver : +31618433209
